OUR PROGRAM

La Maison Arc-en-Ciel offers a three month residential program to francophone males with drug, medication and/or alcohol addictions and concurrent disorders. This program aims to help the participants to better know themselves and to identify and modify certain behaviours. The team of professionals will also emphasize on the personal discipline that participants must have if they want to facilitate their integration in the community. This reinforces the life skills. Participants will also learn about problem solving techniques, personal care and preparation and budgeting. We also offer orientation and accompaniment towards spiritual research.

During their stay, the client will benefit from various services, such as :

- ☒ Evaluations and orientation;
- ☒ 12 Blocks;
- ☒ Education program;
- ☒ Family Therapy Program;
- ☒ Horse Therapy;
- ☒ Crisis Line;
- ☒ Tobacco Cessation;
- ☒ Ceramic Workshop;
- ☒ Others.

The treatment is divided into twelve different blocks. These blocks are :

1. Dependency;
2. Drugs and their Effects;
3. Concurrent Disorders;
4. Relapse Prevention;
5. Affirmation;
6. Stress;
7. Conflict Resolution;
8. Self-esteem and self-confidence;
9. Co-dependency and family;
10. Respect for others;
11. Sexuality;
12. Forgiveness, Loss and the Twelve Steps.

«Thanks to the qualified staff, the intense therapy, the variety of group activities and the constant moral support, my stay at La Maison Arc-en-Ciel transformed my life forever.»
